Class fees are non-refundable and non-transferable.

Policies

In order to provide quality and enjoyable programs for everyone, we follow standard guidelines and policies.

- **Minimum Enrollment:** Instructor or director may cancel any class if minimum enrollment of five students is not met at least five days prior to session start date.
- **Make-up Classes:** You may make up missed classes by attending another class on the Mosaïque schedule. Make up classes must be in the same term as missed classes. In case of cancellation due to inclement weather, every effort will be made to schedule a make up class; however this may not be possible. In this case, you are encouraged to attend another class as a make up.
- **Inclement weather or other emergency:** Several channels of communication will be used to notify students of class cancellations, including: email, text when possible, and announcements on the Mosaïque website and Facebook page. If you have doubt or need clarification, contact your instructor directly.

Students are expected to:

- **Arrive to class on time.** Late arrival disrupts the flow and concentration of the class.
- **Come to class prepared** with any props or materials as advised by your instructor. If you have a problem acquiring the necessary materials, speak to the instructor as soon as the issue arises.
- **Respect the education environment** and behave accordingly. Instructors reserve the right to remove any student or observer at their discretion who disrupts the enjoyable and safe learning environment, in which case no monies will be refunded or credited.
